BOARD OF EDUCATION

The Board of Education had an animated and important meeting last evening.

The bids for the building of the two new school buildings were opened and awarded, and as usual in all great things, a Maysville man was there to receive the goods, the firm of Lane & Easton being the successful bidders in both cases.

With one exception, the bids did not include heating.

Contractors were present from various cities, and the difference in figures in some instances was wide apart while in others the margin was close.

All bids were made to conform to the plans and specifications of Weber Bros., the city's architects, and are as follows:

HIGH SCHOOL BUILDING.

Raymond Bros., Cincinnati, \$50,798.50.
McDowell & Case, Maysville, \$56,808.

Walton, Renter & Co., Cincinnati, \$60,772.
Ben Bowman, Newport, \$58,972.
Robert Dawson, Maysville, \$58,300. This bid includes installation of heating apparatus.
Lane & Easton being the lowest and best bidders were awarded the contract.

Robert A. Cochran, C. E. Geisel and George Schwartz were appointed a Building Committee and will look after affairs in general.

The action of the Board will have to meet with the approval of the City Council, and the Finance Committee will lay the matter before the City Fathers at their next meeting, and there is not a doubt but that the work of the Board of Education will be ratified.

The matter of heating apparatus was deferred to another meeting.

THE Florida Senate has indorsed W. J. BRYAN for the Presidency.

THE free trade papers are very busy just now picking out a Presidential candidate for the Republican party. They are well agreed that he must be a "tariff reformer."

THE Democrats won at the recent election at Lincoln, Nebraska; but that didn't help BILLY BRYAN a little bit, as he is never a candidate when his party wins in any locality.

THE TAFT-FORAKER war in Ohio has been settled satisfactorily to all parties and the political feud which would have certainly killed off FORAKER and probably eliminated JUDGE TAFT as the leading Presidential possibility, is at an end. GEO. B. Cox of Cincinnati, is the man who forced the warring elements together and all is again peace and harmony within the Republican ranks in the great state of Ohio. The program that has been mapped out and accepted by the two factions, is, first, that JUDGE TAFT will be Ohio's choice and her candidate for the Republican nomination for President in 1908; second, that SENATOR FORAKER will succeed himself in the Senate, and third, that HARRIS will again be the nominee for Governor. The action of Ohio is the keynote of the TAFT situation and now Kentucky and enough of her sister states will soon fall in line to assure him the nomination. At this time it looks like W. H. TAFT has the nomination already won.

OFFICIAL statistics of the foreign commerce of the United States for the twelve months ending December 31, 1906, gives the total of domestic exports at \$1,772,720,530, a net gain of \$173,297,908, over 1905; and the total of imports \$1,320,609,250, a gain of \$141,464,700 over 1905.

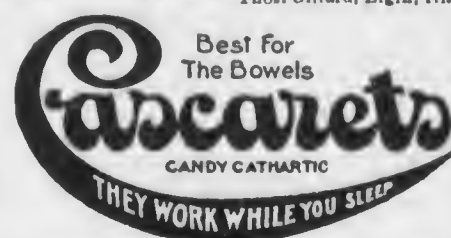

THAT the Kentucky Legislature will enact a pure food law at its next session, requiring rectifiers to tell the facts about the mixtures they compound and sell in the state markets, now seems amply forecast," said ex-Senator E. H. TAYLOR, Jr., the prominent distiller of Frankfort, who has been leading the state and National movement for pure whisky. The man who makes a gallon of good whisky take the place of a gallon of bad whisky is a benefactor to mankind and is entitled to the encomiums of the human race. Colonel TAYLOR belongs in this class.

Providence Journal.
Sir Thomas Lipton at a dinner in Chicago, praised America's bigness.
"I once heard," he said, "a Dakotan talk about the big farms they have out there."
"We have some sizable farms," he said, thoughtfully.
"Yes sir! pretty sizable! I've seen a man on one of our big farms start out in the spring and plow a straight furrow till fall. Then he turned around and harvested back."
"Wonderful," said I.
"On our Dakota farms," he went on, "it's the usual thing to send young married couples out to milk the cows. Their children bring home the milk."
"Wonderful," I repeated.
Once, he said, I saw a Dakota farmer's family prostrated with grief. The women were weeping, the dogs were barking, the children were squalling and the tears streamed down the man's face as he got into his twenty-mule team and drove off.
"Where was he going?" said I.
"He was going half way across the farm to feed the pigs," said the Dakotan.
Did he ever get back?" I asked.
"It ain't time for him yet, was the reply."

INSOMNIA

"I have been using Cascarets for Insomnia, with which I have been afflicted for over twenty years, and I can say that Cascarets have given me more relief than any other remedy I have ever tried. I shall certainly recommend them to my friends as being all they are represented to be."

The dagoes of Spain must be funny, or, at least, queer people. They are having fits over the expected birth of an heir to the throne, and when he appears, as like as not they will go to throwing bombs at him.

The debt of New York City is \$500,000,000; that of Cincinnati is \$39,000,000, while Maysville owes only \$52,000. Suppose Maysville owed as much as New York? Wouldn't MAYOR STALLCUP have a few thinks a coming?

The temperance element is making a general fight against whisky, and war to the death has been declared on the "blended" whisky interests by the "straight" whisky distillers of Kentucky. Cynthiana Democrat:—We were in Maysville Saturday to attend the meeting of the Ninth District Publishers' League. Going out to the L. and N. Station in the afternoon, we took the South side of the street to pass the Catholic parsonage and the site of the new church in the hope of meeting Father Jones, who was the popular pastor of St. Edward's church in this city for several years. And, of course, there he was, away up on the stone work of the new church, hosing the job. He hailed us with a shout of greeting, and is the same jolly, whole-souled fellow that everybody in Cynthiana liked. Father Jones has done a great work in Maysville. The handsome parsonage is a tribute to his energy, and the immense church building now in course of erection bears testimony to his tireless endeavor. He is a great worker.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
